Salomon and Craftsbury Green Racing Project Announce Partnership

Craftsbury Common, VT: The Craftsbury Green Racing Project (GRP) elite nordic skiing and biathlon team is excited to announce a new partnership with Salomon.

Starting with the winter 2018/2019 racing season, the GRP skiers and biathletes will be training in Salomon outerwear during domestic camps and competitions. The 2018/19 Green Racing Project team is made up of eight biathletes and eight cross-country skiers, including six Olympians from the 2018 Pyeongchang Games. Coaches Pepa Miloucheva and Sam Dougherty, as well as wax technician Nicholas Brown, support the team at home in Craftsbury, VT and on the road.

Look for the GRP athletes out on the cross-country trails this year in bright blue (men) and teal (women) jackets and black pants, and hopefully up on some podiums in our red and black (men) and blue-black (women) down jackets from Salomon! Domestic skiers will be starting the season in West Yellowstone, MT with FIS races on November 24th, while the biathlon season will get underway later in December in Soldier Hollow, UT. Look for the unveiling of the GRP's new green and black race suits from Podiumwear at those events.

Visit the team's website at www.greenracingproject.com for athlete biographies and news updates, or connect with us on [Instagram](#) and [Facebook](#).
