SAVE the BOUNDARY WATERS

Our beloved Boundary Waters are at risk. Join Pioneer Midwest and the Campaign to Save the Boundary Waters from sulfide-ore copper mining in the BWCA watershed.

Sign the petition to Save the Boundary Waters at our Osseo shop this **June**, and you will be registered to win one of three paddles from Northstar Canoes, Bending Branches, or Sanborn Canoe Company.

Stop by and sign “Sig”, the canoe Dave and Amy Freeman paddled to Washington DC in their efforts to gain permanent protection for the BWCA. “Sig” will be on display in the shop through June.
