

Big Snow Country Welcomes New Youth Program

The SISU Endurance Team is a new program that is being offered to Iron and Gogebic county youth, grades 2-12. The goal is to get kids to participate in silent sports, such as XC-Skiing and Mountain Biking.

The newly formed SISU Endurance Team is all SET for the winter! The team held a successful Open House last Sunday with kids and families getting out on the fresh snow and enjoying the great conditions at ABR ski trails. Kids of all levels joined in the fun, with high school students enjoying the new River Trail and first-time skiers getting in more than a K on the famous Cherry Dairy Loop.

The SISU Endurance Team will hold the first winter program starting on **January 14th**. The program will consist of 8 consecutive **Sundays from 2 - 4 pm**. While on snow, kids will learn how to xc-ski and build on their skills, while having fun and meeting new kids! The SISU Endurance Team has a great crew of volunteer coaches that have many years of experience coaching and interacting with youth.

Registration is still open!
