## 2022 Moose Valuable Skier Award (MVS)

Moose Nordic Ski Club is excited to announce the return of the MVS award. This award will be presented to a high school nordic athlete who lives out these four values of Moose Nordic:

1. Sportsmanship - Being a true sportsman on and off the trail. Respecting both teammates and competitors and striving to build community in the larger skiing community.
2. Humility - It's hard to humiliate a humble person.
3. Empowerment - When we empower those around us we build a sense of community. Whether this be through an encouraging word, a selfless act, or simply listening, we all have the ability to empower those around us and help others reach new heights.
4. Integrity - While great performances on the ski trails are wonderful, remaining true to your values in the midst of success is important both to you and those around you.

Do you have a teammate that exemplifies these values and has an outsized impact on your team? Please send a 100-700 word essay on why you believe that person should be this year's Moose Valuable Skier. Do you consider yourself as a worthy candidate for the MVS award? Work with a teammate or coach to craft your nomination. We hope this nomination process encourages athletes to look beyond themselves and consider others' unique contributions to their community. Email nominations to [moosenordic@gmail.com](mailto:moosenordic@gmail.com) by April 30th. The MVS award will be given to one high school male athlete and one high school female athlete. Madshus, Finn Sisu, Salomon, and KV+ have partnered with Moose Nordic to award a full set of skis, boots, poles, and training clothes that will help the MVS recipients on their skiing journeys.
