

Light it up, Red Wing!

We need your help to bring light to the dark days of our Minnesota winters. Donate today to illuminate the ski trails at Mississippi Links.

In October 2021, the City of Red Wing approved the Red Wing Nordic proposal for the lighting of the ski trails at Mississippi Links Golf Course. In this private-public partnership, community support is critical to fund the lighting for the upcoming ski season. This project will create access to evening skiing for the Red Wing Nordic Team, Screaming Eagles, Bluff Country Biathlon, Environmental Learning Center (ELC), other organizations, local citizens, and tourists.

The full fundraising goal for the project is \$146,000 and includes wiring, fixtures, and poles for 3.3k of set ski trails. Lighting the first and shortest loop will cost \$41,500. Your donation today helps us light the trail, one pole at a time, to provide increased access and safety for our skiers this season.

How does my donation help build the lighted trail?

- \$20 purchases a pole anchor
- \$50 provides an electric box
- \$100 sets 20 feet of wiring
- \$500 establishes 35 posts
- \$1500 covers the full cost to light one 50 yard section of ski trail

Honor loved ones and the skiers in your life with a light pole dedication:

- \$100 engraves your name along with three others on a light pole
- \$500 dedicates a single plaque in honor of an individual or group on a light pole
- \$40,000 names one of the three ski loops in your honor!

Donations are being taken through Red Wing Community Education for tax incentive purposes. Donations can be made in their office, over the phone at (651) 385-4565, or online at:

https://redwing.cr3.rschoolday.com/public/costoption/class_id/7465/public/1/buyerprice/1/sp/

Be sure to indicate the recognition you would like for your donation.

Please call with any questions and thank you for your consideration to support making this project happen for our ski team and for our community!
