

Haig Glacier–Summer XC Ski Camp w World Cup skier Matt Liebsch August 23rd-28th ~ for Masters, Seniors and Juniors ~

Join coach and World Cup athlete Matt Liebsch for a week of summer skiing (and hiking) on Haig Glacier in the Canadian Rockies. This will be the 12th Annual camp

- This has been a great camp the last 11 summers... summary and pictures can be found here... <http://www.skinnyski.com/training/display.asp?id=23392> and video recap 2016 <https://vimeo.com/173656176> and 2014 video <https://www.youtube.com/watch?v=AiEL6ciO09s>. We've had athletes ages 15-70.
- The daily routine includes: early breakfast, hike 45 minutes up to the glacier, ski on fresh piston-bully tracks until noon. Hike back down for lunch, stretch, take a nap, read, short (optional) hike or strength, eat dinner, review ski technique video from the morning, go to bed, get up and repeat.
- The camp fees include grooming, helicopter transport of you and your gear, 3 hearty meals prepared by camp staff and snacks, bunk beds with separate sleep areas for men and women.
- The ski program emphasizes easy distance altitude skiing. Technique coaching will take place some mornings and will include video analysis. Most of the mornings will be for easy distance skate and classic skiing. This camp is physically challenging due to the alpine environment, changing weather conditions, long distances, and moderately high altitude.
- This is a back-country camp manned with seasonal staff, radiophone and satellite communications with ranger station and helicopter support teams down below (no cell phone reception on the glacier). There are hot showers, TV w/movies, full kitchen, bunk house, and strength area. Limited Wi-Fi dependent on weather

The Haig Glacier Ski Camp, also known as The Beckie Scott High Altitude Training Center, is a seasonal Nordic ski camp used by clubs and teams from across north America. The Haig Glacier is located south of Canmore Alberta in Peter Lougheed Provincial Park.

- Fees: \$1250 before June 15th, \$1350 after (for groups of 4 or more contact Matt Liebsch for team/club/group rates). NEW, reduce cost to junior/HS/college athletes, please inquire for details.
 - Helicopter transport of you and your gear up to camp and the glacier
 - All food and lodging while up at the camp
 - 6 possible days of groomed morning snow skiing, easy distance emphasis with some technique instruction and video analysis. (Depending on the local mountain weather skiing conditions may vary)
- Extra Fees Required:
 - **Transportation to Canmore, AL.** Most will be flying into Calgary and sharing rental car for the week. Airfare is around \$490 currently. Mileage tickets are 50-60k on Delta.
 - Food money while in transit
 - All athletes will need passports!
 - !! Lodging on the front and backside of camp is not covered. In the past we have had a mix of people in Canmore or hotel on Monday night before we start camp on Tuesday. On the backside of camp, Sunday night the 28th, those flying home usually stay at a Calgary airport hotel and fly home Monday morning and those driving home start Sunday afternoon. Also, rental car/transport to the Canmore area from the Calgary airport is not covered and needed. We have done a great job in the past of pairing up people to share rental car costs or carpool pickup from those driving personal vehicles and hotel/camping costs. Some people also enjoy coming early or staying late on this trip to allow time to check out Banff and the Canadian Rockies.
- Skier Selection for Trip:
 - The athlete must be in good physical condition and able to hike in the mountains and be able to ski at altitudes near 8500'. Fun is the goal on this trip but also high quality training☺
