NNF Offering Limited Edition Loppet Cup Fan Bibs to Wear Pride for American Skiing while Supporting its Future!

[The Loppet Cup](#) in Minneapolis, Minnesota, February 17th-19th, will mark the first time the US ski community has welcomed the [FIS World Cup](#) in over 20 years. It's a chance to let the world in on a special community—skiers spanning a continent, all working together towards supporting American athletes at the top of the World Cup podium today, and working to put more athletes there in the future.

As our community converges in Minneapolis, there's plenty to be proud of, and with our *NEW* NNF World Cup Fan Bibs, we're offering a way to show that pride while continuing to build American skiing's future! For a **\$50 donation to NNF**, you'll become part of the American Cross Country Ski Fan Club, receive a limited edition World Cup fan bib, and support our work in creating a national development system that supports promising athletes no matter where they come from in the United States!

Bibs are available for order now! [HERE](#)

Why Support NNF at the Loppet Cup? - The Loppet Cup World Cup races will offer the community that supports NNF a powerful proof of concept. As a community that spans a continent, and sends its skiers around the globe, comes together to watch its best skiers chase podiums in an instance, while knowing the different backgrounds and the long journeys that it took for skiers such as Jessie Diggins, Rosie Brennan, Ben Ogden, JC Schoonmaker and more to get there. Meanwhile, the next generation of top US skiers—the talented athletes NNF works with in our trips, camps, and projects—will get to take their first strides on the World Cup, with FIS rules dictating a greater allowance of racers to the host country. That fact gives our supporters a singular opportunity. **In Minneapolis, there will be the chance to see the moment where our mission to support developing athletes towards their World Cup dreams becomes a realization for them and the communities they come from.** We hope you'll join us there!

#####
